## Explanation of "Patient Authorization Form for Full Disclosure of Health Information and/or Consent for Disclosure of Behavioral Health Information"

#### PLEASE READ AND INITIAL THIS PAGE BELOW

Laws and regulations require that some sources of personal information have a signed Consent form before releasing it. In addition, some laws require specific Consent for the release of information about certain conditions.

Why Your Information is Used and Disclosed: The South Florida Behavioral Health Network (SFBHN) works with the Florida Department of Children and Families to administer and manage a coordinated system of care for adults and children. The SFBHN Providers need to exchange information with each other to better manage your care. Trusted business associates and service providers of SFBHN are working to develop ways to better coordinate care and to improve quality and outcomes. As part of its efforts, these trusted business associates and service providers have developed utilization management software that is used by SFBHN and the Providers in its network. The business associates and service providers use and analyze de-identified information from that system for statistical research and analysis. Anything that identifies you will be removed from the information. This de-identified information will also be used by the trusted business associates and service providers to develop new commercial products.

<u>Definitions</u>: In this form, the term "treatment," "healthcare operations," "psychotherapy notes," and "protected health information" are as defined in HIPAA (45 CFR §§ 160.103 and 164.501).

#### "To Whom":

- If you specified a healthcare provider in the "TO WHOM" section above, this Consent would also include
  physicians, other health care providers (such as nurses) and medical staff who are involved in your medical care at
  that organization's facility or that person's office, and health care providers who are covering or on call for the
  specified person or organization, and staff members or agents (such as business associates, subcontractors or
  qualified services organizations) who carry out activities and purpose(s) permitted by this form for that
  organization or person that you specified.
- If you specified an organization other than a healthcare provider in the "TO WHOM" section above, this Consent would also include that organization's staff or agents, business associates and subcontractors who carry out activities and purpose(s) permitted by this form for that organization that you specified.

<u>Revocation</u>: You have the right to revoke this Consent at any time regarding future uses by giving written notice. You should understand that organizations that had your Consent to access your health information may copy or include your information in their own records. These organizations, in many circumstances, are not required to return any information that they were provided nor are they required to remove it from their own records.

<u>Re-disclosure of Information</u>: Any health information about you may be re-disclosed to others only to the extent permitted by state and federal laws and regulations. You understand that once your information is disclosed, it may be subject to lawful re-disclosure, in accordance with applicable state and federal law, and in some cases, may no longer be protected by federal privacy law.

<u>Limitations of this Form</u>: This form does not obligate your health care provider or other person/organization listed in the "From Whom" or "To Whom" section to seek out the information you specified in the "Of What" section from other sources.
