

Thriving Mind South Florida is the non-profit organization that manages the behavioral health care safety net for Miami-Dade and Monroe Counties, providing our region with needed mental health and substance use treatment and prevention services, reaching nearly 230,000 people with direct treatment and prevention services, operating with the lowest administrative overhead (under 5%) so all funding goes to services. Thriving Mind is also the local agency that has worked for years with counties, schools, law enforcement and courts to support prevention, and to care coordinate at-risk individuals to needed services. **We pay for treatment services for those who are uninsured and underinsured.**

Thriving Mind has transformed our regional Crisis Response System, including 1) a mobile response team network 24/7 (see page 2 for contact info), 2) Suicide and Crisis Hotline 24/7 (988), 3) increasing crisis stabilization unit bed capacity for the network. **These services offered to the community regardless of income or insurance status.**

REFERRAL PROCESS/ELIGIBILITY

We serve children and adults who live in Miami-Dade and Monroe Counties. (For those who reside in Broward County, we refer to Broward Behavioral Health Coalition (954) 622-8121, <https://bbhcflorida.org/>). Many people we serve have mental health conditions as well as substance use disorders. Each of our programs has different eligibility criteria and referrals.

For substance use information: SARES2@sfbhn.org

For mental health information: mhresidential@sfbhn.org

For FACT referrals information: factreferrals@sfbhn.org

Thriving Mind Information Hotline: 1-888-248-3111

Substance Use Residential Placement: 1-866-833-7477
